Reference: Amended Year End Report (11/25/14 - 12/31/14)

Dear Ms. Seufert,

In reply to your letter of March 19, 2015, regarding our negative balance of \$19717.31, I have gone over our records and found two errors that account for the negative balance.

I made the corrections in an amendment.,

There was a mathematical error of \$10,000 in the addition of the unitemized contributions.

The second error resulted from double reporting over \$15,000 in disbursements. That occurred because our reporting dates required us to do some hand tallies for reporting purposes and we neglected to account for the fact that those amounts were inadvertently carried over and reported twice. That has been corrected.

Sincerely,

Randy Goodwin  
Treasurer
